SUPPLY CHAIN FORUM

THE FUTURE OF MEDICAL DEVICE MANUFACTURING TECHNOLOGY

WHY EXHIBIT

The UK medical device industry attends Med-Tech Innovation Expo and you cannot meet them in such quantities at any other show. How often can you get 3M, Dyson, EY, Johnson & Johnson, the RAF, Roche, Siemens, and Unilever etc in the same building at the same time – all with a mission to improve their design-to-manufacturing process chain?

Exhibiting in 2023 is your best opportunity to generate new leads, win new business, meet existing and potential customers, boost your market share and more! Exhibiting will help you accelerate your business.

VISITORS – Over 3,000 highly engaged visitors from the medical engineering, design and manufacturing community attend Med-Tech Innovation Expo to source new suppliers and forge long-term business partnerships. Many have direct purchasing power, and want to get business done on the day. Exhibiting gets your products and services in front of them, and places your business at the heart of the industry, where it belongs.

UNRIVALLED MARKETING POWER – Med-Tech Innovation Expo is promoted to an extensive audience of decision makers within the medical, pharmaceutical, plastics, packaging and other industrial sectors. Our extensive digital and print media portfolio, which spans from print magazines to digital solutions gets our exhibitors noticed by well-qualified audiences in the UK, Europe and beyond. Our dedicated Marketing Team

are on hand to help you maximise your return on investment.

WORLD-LEADING CONTENT – Alongside the show floor, Med-Tech Innovation Expo boasts two world-class conference stages. Each one presents something for every type of stakeholder in the Medtech supply chain – from solving design and engineering challenges through to market access.

We are offering all Medilink UK members a 15% discount on all stand prices.

Plus, all Medilink member shell schemes will have a bespoke orange fascia highlighting you are a valued Medilink member.

Prices start from £318 / sqm for shell scheme*. *£318 includes a £57 saving per sqm.
