

# Our Services

Click the images below for full details of the services available

## R&D Tax Credits

We bridge the technical expertise gap between you, the client, and your accountant to ensure you submit a robust and successful R&D Tax Credit claim to HMRC.

## Grant Funding

We identify appropriate funding sources, write applications and technical reports, as well as reviewing and resubmitting previous applications.

## Video Games Tax Relief

Similar to R&D Tax Relief, Video Games Tax relief can be claimed by businesses who are liable to pay corporation tax. We can check your eligibility and support in making a claim.

## Capital Allowances

We support in receiving capital allowances on assets owned by the business and used by the business. Capital Allowances can cover things such as building premises, equipment and machinery.

## SEIS/ EIS Support

We support businesses looking for investment, to grow and develop by two generous tax relief schemes which make businesses a more attractive and less risky investment opportunity.

## Patent Box

If you're creating IP within your business that's patented and liable to pay corporation tax, you may be eligible to claim on the amount of corporation tax paid by the business.
